

## TERMS AND CONDITIONS

*Rigorous Scientific Publishers*

**P.O. BOX 753 - 20115 – EGERTON, Kenya**

Articles published by Rigorous Scientific Publishers will be Open-Access articles distributed under the terms and conditions of the Creative Commons Attribution License (CC BY). The copyright is retained by the author(s). Under these terms, the journal article users are free to:

- **Share** — copy and redistribute the material in any medium or format
- **Adapt** — remix, transform, and build upon the material for any purpose, even commercially.

The licensor cannot revoke these freedoms as long as the journal article users follow the *Attribution* and *No additional restrictions* license terms as summarized below:

- **Attribution** — You must give [appropriate credit](#), provide a link to the license, and [indicate if changes were made](#). You may do so in any reasonable manner, but not in any way that suggests the licensor endorses you or your use.
- **No additional restrictions** — You may not apply legal terms or [technological measures](#) that legally restrict others from doing anything the license permits.

Notices:

- You do not have to comply with the license for elements of the material in the public domain or where your use is permitted by an applicable [exception or limitation](#).
- No warranties are given. The license may not give you all of the permissions necessary for your intended use. For example, other rights such as [publicity, privacy, or moral rights](#) may limit how you use the material.

Visit <http://creativecommons.org/licenses/by/4.0/> to [Learn more](#) about CC licensing, or [use the license](#) for your own material.

Before the manuscript is published on the journal, author(s) need to agree to the terms of Rigorous Scientific Publishers Copyright Release, the execution of which allows author(s) to retain full but non-exclusive rights of the manuscript as summarized in clause 1, 2, 3, 4, 5 and 6 below:

### **1. Licence**

The author(s) grants Rigorous Scientific Publishers the following rights: The non-exclusive perpetual right to reproduce, publish, supply and communicate the author's manuscript as part of the Rigorous Scientific Publishers to the public, including the right to exercise the rights, and without changing the content, to translate the manuscript to any medium or format for the purposes of preservation. The author(s) also agrees that Rigorous Scientific Publishers may keep more than one copy of the manuscript for the purposes of security, backup and preservation.

### **2. Attribution**

(a) Rigorous Scientific Publishers will clearly identify the author(s) as the author of the manuscript.

(b) The manuscript are distributed under the Creative Commons Attribution 3.0 License, which permits author(s) to copy, reuse, reprint, modify, distribute, transmit, and adapt their work in any medium, without obtaining permission from Rigorous Scientific Publishers, provided that full and appropriate credit to Rigorous Scientific Publishers for first publication is noted. Under the CCAL, authors retain the ownership of the copyright for their article.

### **3. Acknowledgements**

The author(s) acknowledges that:

- (a) They will not receive any payment from Rigorous Scientific Publishers for the grant of rights under this Copyright Release.
- (b) Rigorous Scientific Publishers may remove the manuscript at any time at its absolute discretion.
- (c) They have no termination rights under this Copyright Release.

### **4. Warranties**

The author(s) warrants that:

- (a) The manuscript is their original manuscript.
- (b) They have obtained consents in writing from all previous publishers of the manuscript to enter into this Copyright Release.
- (c) They have obtained consents in writing from third parties which have any materials reproduced in the manuscript to publish the manuscript.
- (d) They can grant the rights under this Copyright Release and Rigorous Scientific Publishers' exercise of those rights will not infringe the copyright or other intellectual property rights of third parties.
- (e) To the best of their knowledge, the manuscript is accurate as at the date in which the final version of the manuscript is submitted to Rigorous Scientific Publishers and as far as reasonably possible they have sought to verify all statements in the manuscript which purport to be true and accurate.
- (f) To the best of their knowledge, the manuscript does not contain any scandalous, defamatory, or obscene material or any material which is actionable for interference with privacy, infringement of copyright, breach of confidence, passing off or contravention of any other private right.
- (g) They have not engaged in any practices in preparing the manuscript that would amount to plagiarism or any other form of academic dishonesty or research misconduct under Publisher Policy and rules or which would (or would be likely to) bring the author(s) or Rigorous Scientific Publishers into disrepute, and that they have complied with the Publisher Policy, procedures and rules.
- (h) Where the manuscript is a thesis, it is a direct equivalent of the final officially approved version that was submitted, and no emendation of content has occurred other than minor variations in formatting, that are the result of the conversion to digital format.

### **5. Breach of Warranty**

The author(s) agrees to:

- (a) Notify Rigorous Scientific Publishers as soon as they become aware of any circumstances relating to the breach or potential breach of a warranty in clause 4.
- (b) Provide Rigorous Scientific Publishers with all reasonable assistance in relation to the conduct or defence of any legal proceedings which may be commenced by or against Rigorous Scientific Publishers in relation to the breach of a warranty in clause 5.
- (c) Indemnify Rigorous Scientific Publishers against any actions, costs or expenses arising out of the breach of a warranty in clause 5.

### **6. Jurisdiction**

The author(s) agrees that this Copyright Release is governed by Republic of Kenya Laws and Regulations, submits to the non-exclusive jurisdiction of the courts in the Republic of Kenya and waives any right they have to object to an action being brought in those courts (including by claiming that the action has been brought in an inconvenient forum or that those courts do not have jurisdiction).
